## Itinerary Day to Day

### 8 Days / 7 Nights

#### **Day 1: Arrival in Tours**

Discover the historic centre Touraine today, the highly praised 'Garden of France'.

#### **Day 2: Tours – Chinon 55 km**

The river Cher, a Loire tributary, leads you directly to Villandry palace with its terraced gardens. Certainly, you should not miss paying a visit to this famous installation. Every visitor will be amazed by the shadowy footpaths, the flower bedecked bowers, the fountains and the artistically laid out vegetable gardens. Some kilometres further on you will exchange the bank of the Cher for the bank of the famous Loire. And again you will be tempted by the next castle – Langeais. From the top of the fortified tower (this castle exclusively served for military purposes) you will see the river and its whole surroundings lying in front of you. Via small villages and on side roads you will reach today's destination – Chinon, impressing visitors with its mighty castle complex.

#### **Day 3: Chinon – Saumur 40 km**

You leave Chinon with its medieval alleyways and follow the Vienne River to Candes-St. Martin. A charming stroll through the village up to the highest point of the hill enables an impressive view onto the confluence of both the Vienne and Loire Rivers. Shortly before arriving in Saumur there is a special highlight. The bike path leads right through the mystic rock houses of Souzey. We highly recommend another panoramic view onto the vast Loire valley later from Saumur palace.

#### **Day 4: Saumur – Angers 55 km**

After some kilometers you enter the vineyards situated at the southern shores of the Loire. On gentle hills you cycle through the vineyards. Back again at the coast you cycle through quiet, medieval villages towards your next big finish in Angers. Be inspired by the lively university town situated at the Maine

## **Day 5: Angers - Saint- Florent-le-Vieil/Surroundings 55 km**

Angers is situated on the Maine River, the final significant tributary of the Loire before the Atlantic. You follow this river until it joins the Loire River at La Pointe-Bouchemaine. You continue along the foot of a slate granite massif until Savennieres, featuring the oldest church of the region. Some of the best wines of the Loire Valley are grown here, fruity, dry white wines – we recommend a visit to one of the vintners. From La Poissonniere the route leads you via dykes with wonderful views onto the Loire River into the trim little town of Saint-Florent-le-Vieil.

## **Day 6: Saint- Florent-le-Vieil/Surroundings – Nantes 55 km**

Another day along the Loire River through continuously changing scenery awaits. The Loire now finally enters Brittany and carves through slate and granite rocks all the way to Nantes. The cycle path changes the side of the river several times, which also includes tackling a few smaller ascents – which again rewards you with beautiful views. The Loire ‘escorts’ you into the centre of the historic capital of Brittany, Nantes. Although the Loire estuary into the Atlantic is another 70 km away the influence of the sea is already noticeable and visible.

## **Day 7: Nantes – Saint Nazaire 65 km**

Now the river becomes even wider, the scenery increasingly placid. You proceed through little villages always downstream to the Loire ending in the Atlantic Ocean. Only the impressive bridge over the Loire River separates you from Saint Nazaire. Visit the Atlantic shipyard, which is one of the largest ship building corporations in the world, or the submarine bunker, which is also accessible by bike.

## **Day 8: Departure or Extension**

Beautiful views onto the river, the off majestic villa and little palaces keep you on your toes en route to Blois. Apart from the palace the cathedral, the beautifully restored historic centre and the stone bridge across the Loire River are especially worth a visit.

Fascinating views onto the gold shimmering sandbanks of the Loire and with the characteristic cliff dwellings of this region are lying in front of you. Half way along the route the most royal palace of all Loire palaces awaits: Amboise palace. It was home to five kings and one roman emperor.
