France - Northern Burgundy from Auxerre to Moret sur Loing Boat and Bicycle Tour 2023
Guided Tour
8 Days / 7 Nights

There is a very good reason why Northern Burgundy is referred to as “The Land of Good Living”, and if nothing else, once you complete this memorable boat and barge tour, we hope you understand why. If you’ve never seen Northern Burgundy you are in for a sensual overload of divinely beautiful countryside, ancient medieval villages, serene, meandering rivers and of course, some of the best wines, cheeses, honey and ciders in the world! Burgundy is known throughout the world for its laid-back pace of life, friendliness and mild climate. Both the cultural experiences of visiting wonders such as the gothic cathedral of Sens or the cities of art and culture of Auxerre and Joigny, and the biking itself which alternates between easy stretches of free-wheeling alongside the river Yonne and more challenging uphill sections that lead to spectacular views, will leave you feeling enriched, enlightened and recharged.

Itinerary Day to Day

Day 1: Auxerre

Our epic tour of Burgundy begins with embarkation and check-in at 2 pm. Your captain, crew and tour leader will give you a warm welcome followed by a bike fitting. After a delicious dinner onboard, there is ample time to take a starlit stroll through the beautiful river town of Auxerre with her majestic church spires, streets lined with 16th century timber houses and cathedral of Saint-Etienne, a true masterpiece of Gothic art.

Day 2: Auxerre 29 km or 44 km

Today you have the option to either stay, relax and take in more of the sights of Auxerre, or begin your cycling adventure with your guide leading you along the Yonne River en route to “Caves de Bailly”. This vineyard is famous for its sparkling Cremant de Bourgogne and limestone caves. The nearby vineyards of St Bris and Irancy are also well worth a visit, as are the paintings of George Hosotte in the Chapelle de Bailly

Day 3: Auxerre – Joigny 28 km or 43 km

Today we strike out north, cycling through the Yonne River valley toward Joigny. If you choose the longer cycling route, you'll get to see the charming countryside of Briennes-sur-Armencon. The shorter option will follow the beautiful river Yonne. In Migennes where the Burgundy canal crosses the River Yonne and where you'll rejoin your ship for a relaxed afternoon sail to Joigny, a picturesque little town that has a long and storied wine history as well as several historical monuments, ancient churches and townhouses with carved renaissance facades from the 16 and 17 centuries.

Day 4: Joigny – Villeneuve-sur-Yonne 21 km or 42 km

What better way to start the day than with a loop through the local vineyards for a tasting of some of Burgundy's finest wines? You'll return to Joigny for lunch, after which you have the option to either hop on the ship for a leisurely sail to Villeneuve sur Yonne or jump back in the saddle for an afternoon ride to the town of Saint-Julien-du-Sault where you can visit the 13th century Saint-Pierre church with its magnificent stained glass windows. We dock for the night in the lovely, lesser-known French town of Villeneuve where you are free to explore the medieval gate towers and romantic string of gardens as the sun sets over the countryside.

Day 5: Villeneuve-sur-Yonne – Sens 28 km or 52 km

Day five also offers two cycling options – the short option follows the River Yonne, while the longer option takes you into the hills for a rewarding taste of the fine cider produced at the museum 'de Pomme et de cidre'. Our next stop is Sens, one of the oldest towns in France where you'll visit the first of the greater gothic cathedrals in France, Cathedral Saint-Etienne. There will be plenty of time afterward to shop, stroll through the marketplace or wander around town to acquaint yourself with the many restaurants Sens has to offer as today there is no dinner onboard.

Day 6: Sens – Pont-sur-Yonne 20 km or 42 km

Before we start cycling we will spend some time in Sens. Here you'll visit the first of the greater gothic cathedrals in France, Cathedral Saint-Etienne with a local guide. If you decide to brave the longer cycle route, it leads through the beautiful valley of the Oreuse, really a fantastic bike ride. However, the shorter option affords you more time to explore Sens at your leisure before you cycle through to Pont-sur-Yonne, a charming riverside town.

Day 7: Pont-sur - Yonne – Montereau – Moret 33 km or 40 km

On our final day's biking, we'll visit Montereau-fault-Yonne, a town situated at the confluence of the Yonne and Seine Rivers. Here, the

thousand-year-old Notre-Dame-et Saint-Loup collegiate church is well worth a visit. At Montereau we hop back on board the ship for a dinner cruise to our final destination, the charming medieval fortified town of Moret-sur-Loing where the famous painter Sisey drew inspiration for his work.

Day 8: Moret-sur-Loing

You bid your captain, crew, tour guide and fellow passengers a fond farewell as we enjoy one last breakfast together while disembarkation continues until 9:30 am.
